Bags

Carry Bags

As of July 1st 2018, lightweight, **SINGLE-USE** plastic bags will be **BANNED** in most states and territories within Australia. WA, QLD and VIC are the latest states to address the ban, joining SA, NT, ACT and TAS.

The detrimental effects that lightweight, single-use bags cause can be devastating to our environment, so the ban has been initiated to make a difference while we still can.

Please Note: Some details about the ban will vary between states and territories.

Visit our website www.fpaaustr.com.au to find out more information.

Which bags are **banned** and which bags are **allowed**?

Lightweight, single-use plastic bags (including biodegradable, degradable and/or compostable) with handles and a thickness of 35 microns or less.

Paper bags
Heavier weight plastic bags (36 microns or more)
Produce roll
Bin liners / Garbage bags
Dog waste bags
Nappy bags
